Dear Mr. Martin:

Congratulations on your retirement! You have dedicated over 40 years to the advancement of our students while becoming a leader for technical training across the nation. I am proud to celebrate with you on your retirement, and I thank you for your many years of service in the community.

Your vision for the advancement of apprenticeship and technical training helped change the face of General Motors in Flint and forever changed the lives of families living in Michigan and the nation. With your help, thousands of individuals were able to achieve unrivaled success through your pre-apprentice training and become skilled craftsman in their own right.

You have helped to create a legacy in your field, and you will forever be remembered as a front-runner in skilled and technical training. I wish you happiness and success in your next endeavor, and I hope you enjoy your retirement.

Very truly yours,
